The Chief Electrical Engineer Estimate the royalty payable on the ornamental lights at Rs. 2880/- and against this, only Rs. 1600/- was sanctioned this year for the purpose. Some more lights have already been installed and the 14 lights now to be installed is urgent. The additional sum of Rs: 1280/- required by the Dir. appears to be necessary and has perhaps to be sanctioned as an additional grant. This is for orders, in consultation with the Fl. Secy. 7. Sir,

Installing 14 ornamental street lights along the curved road between old Public Offices and the Queen's Statue in Cubbon Park, B'lore.

I have the honour to state that the Superintendent, B.P.L. has submitted an estimate amounting to ₨3852/- for the above work and as the capital cost is to be met from this Department, the same will be sanctioned by me under "Interior Power and Lighting - Capital."

The Royalty on these lights, after deducting the amount paid on the existing overhead lights, amount to ₨450/- per annum.

As the lamps in the Cubbon Park are all paid for by the Director of Horticulture, I request communication of Government sanction for debiting this Royalty to the Department of Horticulture.

On receipt of Government sanction, the estimate under reference will be sanctioned and returned to the Superintendent, B.P.L. for taking further needful action.

Subject:- Additional ornamental lights in the Cubbon Park.

Sir,

With reference to correspondence ending with your letter No. D. 10472/G.G. 56-28 dated 12th instant in the matter of debiting the Royalty on 14 additional ornamental lights to be installed in Cubbon Park to the Horticultural Department, I have the honour to state that I have no objection to the charges being debited to this Department as suggested by the Chief Electrical Engineer provided that the necessary amount required therefor is sanctioned by Government.

2. The estimate sent by the Superintendent, Power & Lighting, Bangalore amounting to Rs.2,880/- for Royalty on 58 old lights and 10 additional lights to be installed as directed in Government Pro. No. 12144-6/G.G.28-27-10 dated 11th May last was submitted to Government with this office letter No.482 dated 8th August last for the sanction of funds required therefor. This year only a sum of Rs.1,600/- was sanctioned in Government Pro. No. D. 4926-7/G.G. 77-27-3 dated 10th November 1928 for meeting the pending bills and there are no funds to meet the bills of the current year. In these circumstances, I request you to be so good as to obtain the sanction of Government for an additional grant of Rs.1,280/- this year to enable me to meet the remaining bill and the cost of the additional lights as proposed now by the Chief Electrical Engineer.

P.T.O.

3. The sum of Rs.2,880/- as estimated by the Superintendent, Power & Lighting, Bangalore may kindly be ordered to be provided in the next year's budget of this Department.

2. Letter No. 9080 dated 26th April 1929 from the Director of Horticulture, stating that he has no objection to the royalty on the ornamental lights being debited to the Horticultural Department provided necessary funds are sanctioned by Government for the purpose.

ORDER NO. D 12912-14/G.S. 56-5

Dated Bangalore 5th June 1929.

In their Order No.D.12144-6/G.C.28-27-10 dated 11th May 1928 Government have directed that the lighting charges in respect of ornamental lights installed in the Cubbon Park should be paid by the Gardens Department.

Government consider it necessary to instal 14 ornamental lights along the curved road between the Old Public Offices and the Queen's Statue in the Cubbon Park, Bangalore. The royalty payable thereon amounting to Rs. 450 will also be paid by the Gardens Department in pursuance of the Government Order dated 11th May 1928 referred to above.

A sum of Rs. 1,600 was sanctioned during the current year in Government Order No.D. 4926-7/G.C.77-27-5 dated 10th November 1928 for lighting charges for parks and minor gardens but the Director of Horticulture reports that this amount is not enough to meet the entire cost and that a sum of Rs. 2,880 per annum is absolutely necessary as explained by the Superintendent, Bangalore Power & Lighting.
